PLUM COULEE SEPTEMBER 2026 POLICE ACTIVITY HIGHLIGHTS

On the 11th of September Police were advised that there appears to be an unknown male sleeping in the old fire truck parked by the stage in Plum Coulee. Police spoke to Municipal Officials and determined the ownership of the fire truck, as it was a private purchase, on Municipality property. All parties concerned agreed that the fire truck would be moved to a different site. Police were able to speak to the male, who was confrontational with Police. Police were aware of the male, a former resident of the Stuartburn Municipality. A local acquaintance from Plum Coulee was attempting to assist him, and advised he would try to get the 48 yr old male a different place to sleep.

On the 14th of September Police received a dispatch from Provincial 911, advising that a call was received from Plum Coulee, where a caller had advised they needed medical assistance, and then hung up. No answer on call back. Police attended to the phone numbers registered address, an apartment complex in Plum Coulee. As police were arriving, 911 contacted police back advising EMS was on scene, and it was strictly a medical call for service.

On the 15th of September Police received a call from a resident of Plum Coulee who advised police that her neighbors were stalking her. Police attended and the complainant advised that her neighbors are running around trying to intimidate her, and are being noisy. Police were speaking with the complainant outside, when the complainant advised see they are running around intimidating me. Police advised the complainant that the noise she was hearing was in fact geese.

On the 23 of September Police were called to Plum Coulee by a parent of a youth who was attempting to self harm. Police were advised that the youth is on medication, and has also been using marihuana at the same time. The parent was advised by medical professionals that the two should not be used at the same time, so they attempted to stop their child from using marihuana. The youth locked themselves in a washroom and was now trying to self harm. Police were able to speak to the youth, who eventually agreed to attend to a local hospital for an assessment.

On the 29th of September Police were advised of a fraud on the complainants Visa Debit Card. The complainant advised they noticed transactions, but assumed they were monthly fees for an app. The fees all of a sudden started to increase, and it was determined that these were not pre authorized or approved payments. The complainant advised that the financial institution has been advised, and that losses were approximately $1000.
